Documentation	Quick Start Guides
100-Word Product Description	The CORSAIR K70 RGB TKL Mechanical Gaming Keyboard will carry you to victory with a compact tenkeyless form-factor, pro-level performance powered by CORSAIR AXON hyper-processing technology, and world-renowned CHERRY MX keyswitches. Win in style with a durable aluminum frame and dynamic per-key RGB backlighting, and flip the tournament switch to instantly disable macros and swap to distraction-free lighting. PBT double-shot keycaps with 1.5m-thickness resist wear, fading and shine for years. Powerful iCUE software on both PC and macOS enables custom macro programming and key remaps, while dedicated media keys and an aluminum volume roller offer convenient control over media. The K70 RGB TKL is a portable powerhouse thanks to a detachable USB Type-C cable and 8MB onboard storage for up to 50 profiles, so you can easily take pro performance to your next competition.
50-Word Product Description	Take the CORSAIR K70 RGB TKL Mechanical Gaming Keyboard to your next competition with a compact tenkeyless form-factor, pro-level performance powered by CORSAIR AXON hyper-processing technology, and world-renowned CHERRY MX keyswitches. Win in style with a durable aluminum frame and dynamic per-key RGB backlighting, and flip the tournament switch to instantly disable macros and swap to distraction-free lighting.
25-Word Product Description	Take the CORSAIR K70 RGB TKL Mechanical Gaming Keyboard to your next competition with a compact tenkeyless form-factor, pro-level performance powered by CORSAIR AXON hyper-processing technology, and a durable aluminum frame.
Product Features (Style 1)	• CORSAIR CHAMPION SERIES products are designed for and tested by top esports professionals – helping to carry you to victory with a competition-grade keyboard featuring a portable and space-saving tenkeyless form-factor, a detachable USB Type-C cable, and a tournament mode switch. • CORSAIR AXON hyper-processing technology transmits your inputs to your PC up to 8x faster than conventional gaming keyboards with 8,000Hz hyper-polling.

- Take on the competition in style with a durable aluminum frame illuminated by fully programmable dynamic per-key RGB backlighting to sport your team's colors or create your own personalized lighting effects.
- Flip the tournament switch and focus on winning those critical games, automatically swapping to distraction-free static backlighting and disabling accidental macro activations.
- Precision-molded PBT double-shot keycaps with a standard bottom row layout resist wear, fading, and shine, with 1.5mm thickness for rigid stability.
- 100% CHERRY MX SPEED RGB Silver mechanical keyswitches offer lightning-fast response times with a 1.2mm actuation distance, registering keypresses up to 4x faster than standard mechanical gaming keyboards with CORSAIR AXON, and are guaranteed for 100 million keystrokes.
- A detachable, durable braided USB Type-C cable makes the K70 RGB TKL easy to take on the go and connect anywhere.
- Dedicated media keys and a signature CORSAIR aluminum volume roller let you take command of your media without interrupting your game.
- Powerful iCUE software on both Windows and macOS enables dynamic RGB lighting control, key remaps and macro programming, and exclusive integrations with select games that turn your system's lighting into an extension of the action.
- Full N-key rollover (NKRO) and 100% anti-ghosting ensures that every keypress registers, no matter how fast you play.
- 8MB of Onboard storage lets you save up to 50 onboard profiles with custom macros and your own uniquely vibrant RGB lighting effects with up to 20 lighting layers.

Product Features (Style 2)

- **Built for Champions:** CORSAIR CHAMPION SERIES products are designed for and tested by top esports professionals – helping to carry you to victory with a competition-grade keyboard featuring a portable and space-saving tenkeyless form-factor, a detachable USB Type-C cable, and a tournament mode switch.
- **Powered by CORSAIR AXON Hyper-Processing Technology:** Transmits your inputs to your PC up to 8x faster than conventional gaming keyboards with 8,000Hz hyper-polling.
- **Take on the Competition in Style:** A durable and refined aluminum frame is illuminated by fully programmable dynamic per-key RGB backlighting to sport your team's colors or create your own personalized lighting effects.
- **Tournament-Ready:** Flip the tournament switch and focus on winning those critical games, automatically swapping to distraction-free static backlighting and disabling accidental macro activations.
- **PBT Double-Shot Keycaps:** A precision-molded keycap set with a standard bottom row layout resists wear, fading, and shine, with 1.5mm thickness for rigid stability.
- **100% CHERRY MX SPEED RGB Silver Mechanical Keyswitches:** Offer lightning-fast response times with a 1.2mm actuation distance, registering keypresses up to 4x faster than standard mechanical gaming keyboards with CORSAIR AXON, and are guaranteed for 100 million keystrokes.
- **Detachable and Durable Braided USB Type-C Cable:** Makes the K70 RGB TKL easy to take on the go and connect anywhere.
- **Dedicated Media Keys and Volume Roller:** Convenient media keys and a signature CORSAIR aluminum volume roller let you take command of your media without interrupting your game.
- **Powerful iCUE Software:** Compatible with both Windows and macOS, enables dynamic RGB lighting control, key remaps and macro programming, and exclusive integrations with select games that turn your system's lighting into an extension of the action.
- **Full N-Key Rollover (NKRO) and 100% Anti-Ghosting:** Ensures that every keypress registers, no matter how fast you play.
- **8MB of Onboard Storage:** Store up to 50 onboard profiles with custom macros and your own uniquely vibrant RGB lighting effects with up to 20 lighting layers.
