

WR-11BT+

AM/FM/Bluetooth
Wooden Cabinet Radio

Color

 Light wood-Black

Elegant simplicity combined with state-of-the-art performance makes the WR-11BT+ a great choice as an AM/FM radio. With SANGEAN tradition, the excellent sensitivity and reception is a must in presenting clear and static-free listening experience. The simple design of three dial knobs allows you to smoothly swift through volume and AM/FM bands with precision as well as playing different audio sources. You could even record your favorite radio contents through the REC-Out port. Now, just sit back and let WR-11BT+ take you back in time with that premium sound from its 3" 10-Watts full-range speaker with deep bass compensation!

You can listen to your own songs via Bluetooth without the hassle of any cables. Auxiliary ports are also available to connect to your smartphone or MP3 player
