(89): MAINTENANCE INSTRUCTIONS:

Screws and bolts should from time to time be retightened.

Umschrauben und Bolzen sollten regelmäßig nachgezogen werden.

LAQUEUR: Wooden, lacquered and painted as well as laminated surfaces should be wiped over with soft cloth.

ÖL: Oiled surfaces can be cleaned with soapy water, e.g. brown soap. Wipe with a clean cloth.

To maintain the natural life in the furniture which is provided by the oil treatment, we recommend an oil aftercare of the furniture 1-2 times a year. The colourless natural oil for maintenance of oil-treated furniture is available at your local furniture store.

(D): PFLEGEHINWEIS:

Schrauben und Bolzen sollen regelmäßig nachgezogen werden.

REINIGUNG: Lackierte Holzoberflächen können mit einem sauberen weichen Tuch abwischen.

ÖL: Geölte Oberflächen können mit Seifenwasser, z.B. braunes Seifenwasser, gereinigt werden. Um das natürliche Aussehen des Holzes zu bewahren, ist eine Öl-Nachbehandlung vom Möbelstück 1 bis 2 Mal pro Jahr empfehlenswert. Das farblose Öl für die Nachbehandlung der Möbel kann in Ihrem Möbelgeschäft gekauft werden.

(F): CONSEILS D'ENTRETIEN:

Votre lit doit être vérifié périodiquement afin de resserrer les vis.

NETTOYAGE: Les surfaces bois, laquées, peintes et laminées peuvent être essuyées avec un chiffon et un savon doux.

ÖL: Les surfaces traitées à l'huile peuvent être nettoyées avec du savon, par ex. savon de Marseille, qui est naturel. Pour maintenir l'aspect naturel du bois, nous vous recommandons de traiter avec une huile d'entretien 1-2 fois par an. L'huile naturelle sans colorant peut être achetée dans votre magasin de meubles.

Screw the bolt Z13 into the leg, until the ring on the bolt is flush with the end of the leg.
Schroef de bout Z13 in de poel, tot de ringmarkering op de bout gelijkvoort met de bovenzijde van de poel.
Der Verbindungsboizen Z13 wird eingeschraubt, bis der markierte Ring mit der Oberkante des Pfostens bündig ist.
Vesser le goujon dans le pied jusqu'à ce que l'anneau gravé soit à fleur avec le bois.
